

Rita Zaides L.Ac., M.S.

Dear Health Care Provider:

My name is Rita Zaides, L.Ac., M.S. I'm writing to introduce myself and to acquaint colleagues in the Western medical community with my services. I practice traditional Chinese medicine, specifically the disciplines of acupuncture and herbal treatment. You may deem it beneficial for certain of your patients to have access to these therapies. In most cases my treatments are covered by PPO medical insurance.

I hold a Master of Science Degree in Acupuncture and Traditional Chinese Medicine as well as Master of Science from University of California, Irvine. I blend ancient Chinese medical traditions with modern scientific knowledge and methods. This is one of the reasons why my practice is considered to be unique. I currently practice in two south-county locations: Affiliated Neurology Center next to Saddleback Hospital in Laguna Hills; and at the Irvine address below. I am also proficient in Russian in the event you may have Russian or Ukrainian-speaking patients. Further information about my practice can be found on my website (www.doctor-rita.com). Feel free to visit it at any time.

In my practice I routinely refer my patients to appropriate physicians for consultation, diagnosis and treatment. A reciprocal relationship with your practice would be welcome. I've taken the liberty of providing further information about acupuncture that may be shared with your patients.

I sincerely look forward to meeting you in person. When might we schedule a time to explore how access to my services might benefit your patients?

Best regards,

Rita Zaides, L.Ac., M.S.
